MR. DALLAS NOT TO BE DISMISSED.

SLIGHT ADVANCE IN CONSOLS.

QUEBEC, Monday, June 30.

The screw steamship *North America*, from Liverpool on the 18th inst., passed the River Du Loup at 10 o'clock this morning, and reached here this evening.

The American difficulty is likely to be settled amicably, and Mr. DALLAS will not be dismissed. The funds rose slightly in consequence.

In the House of Lords on Monday evening, the 16th, the Earl of CLARENDON stated in reply to the Earl of DERBY, that it was not the intention of the Government to advise Her Majesty to suspend diplomatic relations with the United States.

This announcement was received with loud cheers.

The Earl of DERBY expressed his satisfaction at the statement, but he regarded the course taken by the Government as humiliating, and as acknowledging that they had been in error.

Lord CLARENDON appealed to the House and to the Earl of DERBY in pressing this motion, and the subject then dropped.

FROM WASHINGTON.

The Defeat of the Bill for the Admission of Kansas—Douglas' New Bill.

Special Dispatch to the New-York Daily Times.

WASHINGTON, Monday, June 30.

The bill for the admission of Kansas was defeated to-day by the union of HAYES, HARRISON, DURFEE, BROOKS, YALE, WHARTON, and WHITNEY, all Northern Fillmore men, with the Administration Party. Every other professed opponent of the Administration from the North voted for the bill. The object of these Fillmore men is to make a better Pro-Slavery record, as the South than the Buchanan men, with a view to carrying the Southern States for FILLMORE. This is the secret of their treachery to their constituencies to-day. An effort to reconsider to-morrow is contemplated, but its success is doubtful.

DOUGLAS' Kansas bill, reported to-day, is a rehash of CLAY'S and TOOMBS', and evades the duty of immediately affecting a radical cure of the evils there. It proposes a future Convention to form a Constitution, which will be just as likely to be controlled by Missourians. It is an ingenious fraud, designed to hoodwink the people for the Presidential campaign.

ARMS FOR CALIFORNIA.

The bill authorizing the issue of an additional number of arms for the use of California, passed.

REPORT ON KANSAS AFFAIRS.

Mr. DOUGLAS, from the Committee on Territories, to which was referred the various bills relative to affairs in Kansas, made a voluminous report on the subject.

It contains an elaborate argument in favor of the new bill accompanying the report, which provides for the appointment of five Commissioners, to be selected (by the President) from different sections of the Union, to represent, fairly, all political portions. [Parties?] They shall take a census of all the legal voters in the Territory, and make a fair apportionment of delegates to be elected by each county to form a Constitution and institute a State Government. When the apportionment shall be made the Commissioners are to remain in session every day except Sunday, at the place most convenient for the inhabitants of said Territory, to hear all complaints touching votes, witnesses and correct all errors in said list of voters; which list shall be previously printed and generally circulated; shall be the only list of voters in the election of the most public places of each election district; and so soon as all the errors have been thus corrected in said lists, the Commissioners are required to cause a correct list of the legal voters to be printed, and copies furnished to each Judge of election, to be used at the place of voting; and summoned in every County in the Territory before the day of election, to appear, to be allowed to vote who's name does not appear on the list as a legal voter; the Governor is required to take place on the day of the first election, and the Convention to assemble on the first Monday in December, to frame such Constitution as they may deem fit for Kansas to come into the Union at their time, and, so decided, to proceed to form a Constitution and State Government, which shall be of Republican form for the Kansas then to be admitted under such Constitution on an equal footing with the original States. The bill provides further that no law shall be enforced in the Territory infringing the liberty of speech or of the press, or the right of the people to bear arms, &c. It also provides punishment for fraudulent voting, and violence at elections, and authorizes the use of the military for that purpose. The main point is that the persons most interested in the affairs as the present inhabitants of the Territory shall decide all points in dispute, at a fair election, without fraud or violence, or any other improper influence. All the white male inhabitants over 21 years of age are to be allowed to vote, if they have resided in the Territory three months previous to the day of election, and no other test shall be required; no oath to support the Fugitive Slave Law, or any other law, nor any other condition whatever.

Mr. DOUGLAS gave notice that he would ask for a vote on the bill on Wednesday.

Several private bills were passed. Adjourned.

HOUSE OF REPRESENTATIVES.

WASHINGTON, Monday, June 30.

THE ADMISSION OF KANSAS.

Mr. GROW made the closing speech in favor of the bill for the immediate admission of Kansas into the Union, and in opposition to all substitutes for the measure under consideration.

Mr. SHERMAN moved to recommit the bill to the Committee on Territories, with instructions to report instead thereof the substitute which he had offered, providing for the appointment of five persons by the President to make an enumeration of the inhabitants of the Territory, and an apportionment of the Districts, with the view of electing a Convention for the formation of a State Constitution, &c.

Mr. DUNN moved as an amendment, that the Committee be required to report a bill restoring the Missouri Compromise.

News from Kansas.

THE DISARMING OF THE CHICAGO EMIGRANT COMPANY—THEY ARE FORCED TO RETURN.

CHICAGO, Monday, June 30.

Gentlemen have arrived here from Kansas who report concerning the disarming of the Chicago company at Lexington, that from three hundred to five hundred Missourians and South Carolinians, who had been driven from Kansas by Col. SUMNER, together some of the citizens of Lexington, gathered at the landing, armed with cannon, and threatened to fire the boat if their demand was not complied with. Under these circumstances, the captain of the steamer insisted upon the delivery of the arms, as the only way to prevent the destruction of the boat.

ST. LOUIS, Saturday, June 28.

By the steamer *Edinburg*, from Weston, Mo., we learn that when the steamer *Star of the West*, with the Chicago company on board, arrived at Weston, a large party of men boarded the vessel and arrested the entire company for the purpose of escorting them back the same way they came, it being reserved that they should not be permitted to enter the Territory.

LATER.—The *Star of the West* has put back on her return trip, and will land the Chicago company at Alton, Ill. They are conducted back under guard of a party of South Carolinians, and being unarmed, there is no danger of a conflict.

ST. LOUIS, Monday, June 30.

The Chicago Company which was disarmed at Lexington, arrived at Alton on their return on Saturday evening. The *Republican* (Pro-Slavery) makes the following statement concerning them:

It is reported that the Company offered the Captain one thousand dollars per to land at Lexington. The Company chose rather that their arms should lie in a warehouse for safe keeping, than accept given for them. During the scare no hard words passed. On the arrival of the boat at Kansas, Shuttle Jones, with a Company of thirty South Carolinians, boarded, and on the way up the river, ATCHISON, STRINGFELLOW and RUSSELL also came aboard, and after learning what had occurred, they demanded an audience of the leaders of the Company, whom they informed that orders had been given to disband all armed parties in the Territory, and that they had better return home. The Chicagoans considered the advice good, and before the boat reached Leavenworth the whole company had determined to return. When the boat touched at the latter place, a large crowd assembled on shore, but being informed that the party had concluded not to land, but to proceed to Weston and return in the boat, they were satisfied, and made no further demonstrations, but sent an escort with the company to Weston, where the emigrants made no attempt to land, they having given up all idea of settling in Kansas.

The Committee appointed to escort the company back report that, on the passage down, the *Star of the West* met the steamer *Sultana* on her way up with 42 such members of the same company.

The *Republican* learns reliably that this company is to be paid $100 each for going to Kansas, a part of the money to be expended in arms and ammunition, and the remainder remitted after landing at their destination. Thirty days' provisions were also provided. After leaving Alton, the company found that the contract would not be fulfilled, which caused much dissatisfaction among them.
